How Customers Access This Form

Consent is collected through two channels, both operated directly by Mii2 IT Support and Design. No phone numbers are obtained from any third party, purchased list, lead generation source, or affiliate.

1. Website opt-in (primary)

- Public contact form at <https://mii2td.com/contact/> — no login, account, or purchase required.
- The mobile number field is optional and the consent box is unticked by default. The form submits successfully with the box left unticked.
- The consent wording shown is identical to the Disclaimer on page 1.

2. Consent form (this document)

- Provided directly to a customer who asks to enroll outside the website, electronically for signature or on paper on request.
- The customer enters their own mobile number and signs. Nothing is pre-filled and no box is pre-selected.

The screenshot below shows the website opt-in exactly as a customer sees it.

The screenshot displays a web form titled "It's our pleasure to serve you." with the following fields: "Name *" (text input), "Email *" (text input), "Your inquiry about" (dropdown menu), and "Mobile Phone Number (optional)" (text input). Below these is a large text area labeled "Let us know what you need." At the bottom, there is a checkbox that is currently unchecked, followed by a paragraph of consent text. The text states that by checking the box, the user consents to receive text messages from Mii2 IT Solutions and Design for various purposes, including account security alerts and support ticket updates. It also includes a disclaimer that consent is not a condition of purchase and provides links to the Privacy Policy and SMS Terms & Conditions. A green "Send message" button is located at the bottom of the form.

It's our pleasure to serve you.
